

Workflows That Work for Healthcare

The RICOH SD Series helps care teams stay connected, productive, and focused on delivering exceptional patient care.

When patient volumes rise, paperwork shouldn't slow care down. The **RICOH SD Series**, integrated with advanced scanning technology, helps healthcare teams quickly capture and digitize information, reducing administrative burden, and keeping work moving.

Benefits built into every workflow

Simplify patient intake

Capture damaged, folded, and handwritten documents quickly with automatic deskew, auto-rotation, and blank page removal—at scan speeds up to 200 images per minute.

Protect data and support compliance

Help protect sensitive patient information with built-in safeguards that support HIPAA compliance requirements and reduce the risk of unauthorized access or data exposure.

Connect care teams

Connected care starts with connected information. Capture mixed-size patient documents in a single pass with a straight paper path—reducing manual adjustments and keeping information moving.

Reliable, sustainable performance

Keep workflows moving with reliable performance, energy-efficient operation, and features designed to help reduce waste and environmental impact.

Ready for healthcare: digitize information quickly, accurately, and efficiently

The three A3 models in the RICOH SD Series—IM C3510SD, IM C4510SD, and IM C6010SD—are color multifunction printers (MFPs) designed to scan mixed-size and non-traditional originals in a single workflow with minimal manual adjustments.

Capture whatever comes through your office

Identity and coverage documents

Driver's licenses and IDs:

Small, glossy ID cards captured cleanly—no manual cropping

Insurance cards:

Member ID, group, and RX details captured sharp and searchable

Damaged or worn cards:

Torn corners and creases still scan and read clearly

Clinical records and orders

Patient charts:

Multi-page charts scan fast and stay in order

Diagnostic and lab reports:

Dense tables and small print stay crisp and legible

Prescriptions:

Fed upside-down or backwards—auto-rotation fixes it

Referral letters:

Free-form correspondence captured clean, start to finish

Administrative and practice documents

Consent and release forms:

Accurate checkboxes and signatures drive compliance

Medical questionnaires:

Handwritten checkboxes and notes read clearly

Doctor business cards:

Small format cards captured without distortion

Receipts:

Long curling thermal paper feeds without jamming

Let's talk

With a consultative approach, we work with you to deliver solutions that simplify everyday healthcare document challenges. Backed by 90 years of innovation and serving 9 out of 11 of the largest for-profit hospital systems and 22 out of 32 of the largest nonprofit hospital systems, Ricoh is dedicated to helping healthcare teams stay connected and deliver better outcomes.
