

RICOH Cloud Fax

Streamline your fax workflows — in the cloud.

Move away from traditional fax machines and start sending secure, cloud-based fax communications from anywhere. RICOH Cloud Fax makes it easier, faster and more reliable to send and receive important documents from a convenient browser-based solution.

Why choose RICOH Cloud Fax?

Get the convenience of email with the security and compliance of cloud-based fax from a technology partner that knows how to capture, connect and secure your information.

Reduce IT burden & capital expenses

With a variety of subscription plans available and an inclusive feature set, RICOH Cloud Fax makes it easy and affordable to get started. Eliminate legacy hardware and maintenance or repair costs associated with traditional fax machines and integrate RICOH Cloud Fax seamlessly with your current MFPs.

Empower hybrid work

When your employees work from anywhere, RICOH Cloud Fax ensures they can send and receive critical documents directly from their computer, mobile device or on-site MFP.

Enhance security & compliance

Prevent the risk of lost or stolen paper transmissions with the advanced security of RICOH Cloud Fax. Using single sign-on, two-factor authentication, in-transit data encryption and advanced auditing capabilities, organizations can better protect sensitive information and meet today's compliance requirements. RICOH Cloud Fax is SOC 2 and HIPAA compliant.

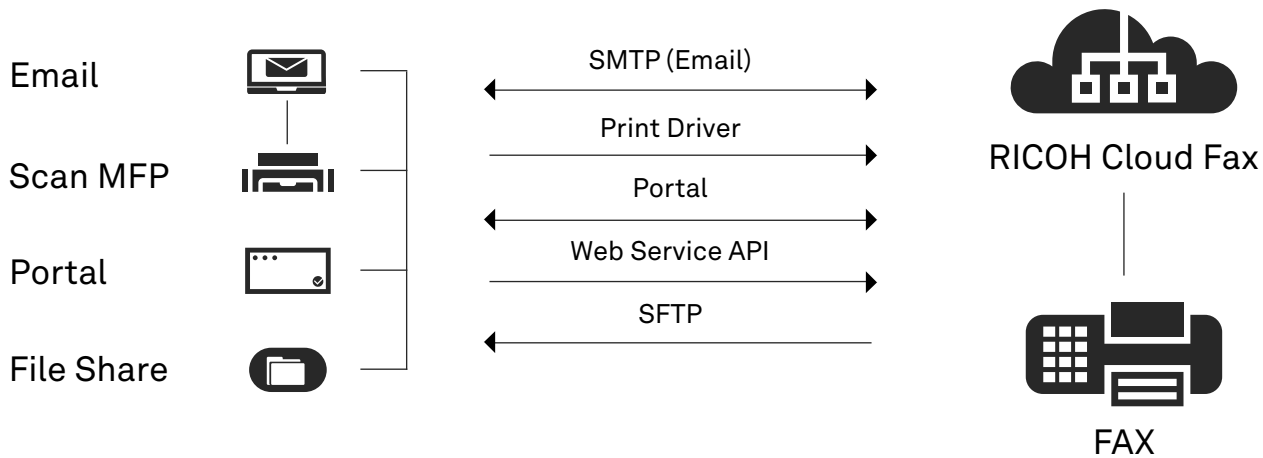

Seamless integrations

Designed for high availability, RICOH Cloud Fax easily integrates with ERP, CRM, and other applications using a REST API or fax-to-email. With all the benefits of cloud computing, users enjoy centralized fax processes, user management, and auditing capabilities all from a single desktop or mobile source.

Send and receive faxes — the way it works for you.
