

## Operational Efficiency

**DO IT FASTER.  
DO IT BETTER.  
AND LEARN FROM  
EVERY STEP.**

### INTELLIGENT BUSINESS PLATFORM (IBP)

A cloud-based, AI-driven, fax-integrated, end-to-end workflow solution for capturing, connecting, and securing (any form of) information on single platform.

**72%**

of executives believe that operational efficiency gives them an edge over competitors.

PwC, "Innovation and Operational Efficiency Survey"

### IOT COMMAND CENTER

Predictive maintenance, analytics, and real-time monitoring of IoT devices, across departments and continents.

**25%**

increase in employee productivity due to reduced downtime, streamlined workflows, and fewer administrative tasks.

International Data Corporation (IDC), "Productivity Gains through Efficient Operations"

### SERVICE ADVANTAGE

Production, inventory, and fulfillment solutions that can be customized and scaled to evolve with you. Supported by Ricoh's vast infrastructure and a team of 10,000+ experienced service personnel.

**20-30%**

faster delivery times, means operational efficiency can boost profits by 25-95%.

Bain & Company, "Improving Customer Satisfaction through Operational Efficiency"

### TURNKEY MEDIA

All-in-one solution with configurable packages, to create, monitor, manage, and sell both digital and print advertising. So retailers can reach shoppers "where they are" with timely, relevant messaging and charge brands to do the same.

**40%**

reduction in material, time and financial waste from efficient operational practices.
