

## Future-proof your processes

Want your team to work faster without compromising on quality? You don't need to create yet another time management training course. There's a much smarter way to boost productivity. Introducing the IM C530FB — the high-speed, compact, all-in-one device that does all of the heavy lifting for you, as quick as a flash. This means your team can focus on the areas and tasks that enable them to get their work done...instead of having to wait for that 87-page report to get printed without a paper jam.

Our new A4 colour device is specifically designed to boost your team's productivity efficiently and effectively. The IM C530FB optimizes digital workflows with apps and solutions available in the cloud. As a result, all of your processes can work seamlessly, without costly interruptions or waiting times.

- Work faster: Seamlessly print up to 55 pages per minute, cut waiting times and boost productivity.
- Optimize digital workflows: Share and instantly use all types of information, thanks to the MFP cloud connection.
- Scale up at your own pace: Easily customize, manage and add new features to your device, using the new 7" touchscreen control panel.
- Save space: The IM C530FB is a compact device designed to take up less space and leave more room for your pressing needs.
- Seamlessly print documents: Print up to 2,700 sheets without interruption and make light work of printing tasks.
- Intuitive and fast operation: The 7" Smart Operation Panel provides consistent operability across multiple devices in our portfolio. Simply follow the steps on screen.

Think of all of the things you can do in a matter of seconds on your smartphone. Now imagine what your team could achieve with the IM C530FB — the high-speed, all-in-one printer designed to significantly optimize your workflows and scale up productivity.

# Optimize your workflows and boost productivity with minimum hassle

#### **High-speed A4 colour printing**

The IM C530FB, with its optional large capacity tray, has the ability to seamlessly print up to 55 pages per minute and deliver up to 2,700 pages without compromising quality. The UI provides consistent operability across multiple devices in our portfolio — so once you learn one device, you can effortlessly use any of them.

#### Fully digitalized workflows = flawless processes

Today's fast-paced working environment dictates that you always stay connected and meet expectations as quickly as possible.

The IM C530FB gives you an advantage in this digital era, with easy-to-use workflow apps that connect your printer to your preferred third-party cloud services. What's more, when the optional Streamline NX software is added, the IM C530FB lets users restrict access to print output to the document owners only, via the Secure Release feature. This gives you total control over who gets access to documents, whether they're members of your team or clients.

# Future-proof technology to spearhead your business growth

There's no need to keep replacing your devices to get access to new features and functionalities. With our Always Current Technology, you'll instantly receive the latest updates and always stay one step ahead. The IM C530FB allows new software features, applications and upgrades to be downloaded and installed directly to your device on request. This way, the ever-changing needs of your business are promptly met — allowing you to future-proof your company's growth, without having to wait for a technician to update your device for you.
